PRODUCT BROCHURE 2026

ONE HANSTEEL TEAM

Global strength. Local service.

One accountable route to the parts you need.

Hansteel has supplied wear parts, mechanical castings and engineered components internationally since 1996. Our South African team connects that manufacturing depth with local market knowledge, responsive communication and flexible sourcing.

01

Direct Hansteel supply

Crusher wear parts, spares, bronze and heavy castings.

02

Broader sourcing support

Local and international options for specialised parts.

03

Application-led response

Send a part number, drawing, sample or photograph.
